GOOD HOADS IN CHARLOTTE

The New State Road Commissioner Makes a Comprehensive Statement.

PRACTICAL EFFORT OUTLINED

A Good Roads Society Organized and a Mass Meeting to Be

(Special to The Times-Dispatch.)
EUREICA MILLS, VA., August 23.—A
good roads convention was held at
Charlotte Courthouse to-day. Hon, B.
D. Adams was made permanent chairman and Arthur L. Cox, secretary. Committees on Organization and Resolutions
were elected, who are to agitate and
educate on the subject of good roads.
The address of welcome was made by
J. C. Carrington, who introduced Mr. P.
St. Julian Wilson, highway commissioner
of roads for Virginia.
Mr. Wilson, in an interesting and practical manner, explained the law passed
by the last Legislature. He says that
with the aid of convict labor available
under the law work on foads can be
done at one-third less cost to the counties.

under the law work on roads can be done at one-third less cost to the counties.

Judge Boylan Green introduced to the audience the second speaker, Senator A. C. Latimer, of South Carolina.

Senator Latimer made a very strong speech in advocacy of good roads. He said in part: "Virginta has been the leader in progress and democratic. The seed is left here. He is here to encourage and stimulate the people. We have reached the away when our eyes and ears should be open. We should make a mid upon the public treasury for aid for road building." The speaker said he is here in the interest of good roads and for the welfare of the people, and that it is our own fault if we don't have good roads. Put men in affec who will work for good roads. It takes time to build good roads. The most important roads in the county should be fixed first. The county should so fixed first, The county should so fixed first, The county should be given charge. The want of facility to do business and the lack of social advantages are driving the best of our young men and women to the cities. Religion and education are alone shead in importance to good roads. Good roads chance the values of real estate to such an extent that increased taxation is not felt. There is too much of the spirit of our fathers. We should wake up. The Lord helps those who help themselves."

Sonator Latimer's speech was received with much enthusinsm, and will do great good.

A recess of an hour was taken for dinner on the court green. During the recess the committees appointed at the morning session met and perfected a permanent organization in the county for good roads.

Mr. S. D. Morton was elected president and A. L. Cox, secretary, with a vice-president for each magisterial district. Strong resolutions in favor of good roads were adopted, and calling upon the supervisors to expend the county funds under intelligent supervision.

A mass meeting in the interest of good roads will be held at the court-house the first Monday in October.

After the report of the committees had been adopted, Mr. Wellington E. Loucks, organizer for the National Good Roads Association, spoke, and said that the good roads movement was started in Chlongo in 1506, and that now there are 800,000 members. The argument that will appeal here is local self-control. Without good roads all interests prospor,

Work all roads with a view to permanent improvement find under intelligent supervision. Dirt roads can be made good if properly drained and ridged. Let all of the money be expended under judicious management. Let the main thoroughfares be worked first and under scientific construction. Drainage is the most important part of road improvement. The first thing to get is a steam roller. Grade should not exceed from four to five percent. The county should do its own construction and own its own machinery.

Mr. Loucks's speech was well received.

Great good will result from the meeting. There is a growing demand for good roads, and it is hoped that in the near future the county will see practical results along this line.

ALBEMARLE SUNDAY SCHOOL CONVENTION

A Tennis Tournament - Accidentally Shot His Wife.

(Special to The Times Dispaten.)
SCOTTSVILLIS, VA., August 23.—
Scottsville and Howardsville met in a tennis tournament on the Scottsville court Tuesday afternoon. The playing of Mr. Logan, of Howardsville, was said to be

Tuesday attention. The playing of an Logan, of Howardsville, was said to be, especially fine.

The score ran thus: Singles—Logan, Howardsville; Harris, Scottaville—6, 3, 4, 6, 6–2 in Howardsville favor. Doubles—Logan and Bruns, Howardsville; Harris and Daniel Scottsville—6, 3, 6–2 in Howardsville; Gyor.

Daniel Scottsville—e, e, e—s in ville's favor.

The 'Albernarie Sunday school convention met to-day at the Episcopal Church.

The morning was taken up with roports of the secretary and treasurer, and reports schools. The latter were continued this afternoon, with instructive and entertaining talks on "The Sunday School Superintendent; the Kind of Man, and How

Mrs. Arthur Zimmerman was accidentally shot while returning with her husband from Buckingham county Tuesday evening. Mr. Zimmerman got out of the buggy when a short distance from Scottsville, and shot a young rabbit with a small rifle he had with him, after which he put the rifle back in the buggy, and in some way it was discharged. The ball struck Mrs. Zimmerman in the side, inflicting a slight wound. They drove rapidly to the office of Dr. L. R. Stinson, who rendered the necessary surgical attention.

CORNERSTONE LAID AT LAWRENCEVILLE

Commencement of a High School Building Celebrated With

LAWRENCHVILLE, VA., August 23.-A large number of people of Brunswick monies at the laying of the cornerstone of Lawrenceville's new High School Building by Brunswick Lodge, No. 52, A. F. and A. M. Past Grand Master Judge R. T. W. Duke, of Charlottesville, Va., was introduced by Mr. R. Turnbull, and made an interesting address along the lines of higher education and better paid teachers.

After the addresses the crowd was invited to partake of the feast which had been prepared and spread on the grounds by the ladies, and which was sufficient to have fed many more.

The crowd dispersed after dinner, and many of them gathered again at 5 o'clock at the park to witness a game of ball

at the park to witness a game of ball between Lawrenceville and Boydton,

Va.

The game was promptly called and although somewhat one-sided, was very interesting, and resulted in Lawrence-ville's favor, 11 to 4.

GETS A NEW TRIAL

Verdict of Eighteen Years Set Aside, and He Will Be Allowed Bail,

(Special to The Times-Dispatch.)
DINWIDDIE, VA., August 23.—Court
convened this morning at 11 o'clock,
Judge West sitting, when a motion for
new trial in the case of William Riffin,
alias Tinker Ruffin, who was convicted
in this court yesterday for the shooting
and robbing of Warren Brown, of Hebron,
Va., and given eighteen yeyrs, in he
penitentiary, was heard, and the verdict
set aside and a new trial granted the
prisoner.

prisoner. The case was continued to the first day of the next term of court. The prisoner, through coursel, applied for ball, which the court fixed at \$1,500. The prisoner heing unable to give bend at this time, was remanded to dail in default.

fault.
It is thought the bond will be furnished in a few days.

FROM SOUTHSIDE

Three Bondsmen to Appear for Mr. Criddle This

COUNCIL'S LAST MEETING

Postoffice Committee Organizes and Adds Members From Citizenship,

Manchester Bureau, Times-Dispatch, No. 112 Hull Street. Mr. Robert B. Criddle, who was arbezzling \$570.74 from Liberty Council, Junior Order, United American Mechanics, was still held in jail last night, up to that Ume having not been able to secure bail. He stated last night, howsecure bail. He stated last night, however, that he had secured three bondsmen, who will appear this morning to go his security. Mr. Criddle would not divulge the names of his three friends, and they could not be learned last night. The case will come up in the court of Squire Cheatham this morning. It is expected that the prisoner's counsel, Messrs. Harry Smith and Erneast Wells, will waive a preliminary hearing and ask that the case be sent to the grand jury of Cheeterfield, where Mr. Criddle is confident of an acquittal. The case, in that event, cannot be tried before the September term, which begins on the second Monday.

Monday.

Many friends of Mr. Criddle visited him all through the day yesterday, and greatly encouraged the prisoner, who seems to think that there will be little difficulty in clearing himself of the charge which rests upon his name.

Committee Meetings.

in position. The new exchange will be one of the most complete, as well as commodious and conveniently arranged buildings of its kind in the South. It will, among other things, have its own power plant. Outside of the business

In clearing himself of the charge which rests upon his name.

Committee Meetings.

The Buildings and Land Committee met last night for the last time before the incoming of the new Council.

Several questions were brought up, among them being that or seeing to it that the yard of the courthouse is cleared and all the trees trimined of dead and dying limbs. The city engineer will be instructed to attend to the matter.

The attention of the committee was brought also to the fact that part of the fence was recently knocked down by a runaway team, and that it was in need of immediate repair.

It was moved and adopted that a force, with the consent of the county judge, be made up from the inmates of the fall and set to work in cleaning the courthouse grounds.

There was an informal talk on the need of a new Council chamber, or really what should be a regularly styled City Hall. It was pointed out that the present acommodations are hardly suited or dignified enough for the meetings of the City Assembly, and that the building is hardly safe. Downstairs are stored many of the city records, with very little precaution taken for them, and in the event of fire, they would most likely be destroyed.

There is a general feeling that the city should have a regularly constituted City Hall, and there is some likelihood that the new City Council, which comes into existence on the first Saturday night in September, will take up the 'question, with, probably, some result.

It is proposed that the new building, in the event of tits erection, shall contain rooms for the City Assembly, the Mayor, city officials and Fire and Police Departments. The present Council chamber is recognized as being 'fa very small structure, and popular opinion for a better building will probably, end in a well-defined movement.

New Committee Organizes. in cables.

The individual losses in Petersburg by the failure of the brokerage firm of M. J. Sage, & Co., of New York, will be small, embracing margins on about 800 shares of stock. Trading with the firm was done through one establishment here. All the losses will be paid.

Within the past few days two men, one white and one colored, have met death by accident here about whose identity there is complete mystery. The most florough investigation has falled to discover their names or homes. The probability is that they will forever remain unknown.

New Committee Organizes. The Postofice Committee, recently created by the Council, net for organization yesterday afternoon at 4 o'clock.

Mr. D. L. Toney was elected chairman.

The members of the committee are Messrs, A. A. Adkins, C. C. Jones, from the Assembly, and Messrs, J. T. Abbott and J. W. Moore, from the Board of Aldermen.

and J. W. Moore, from the Board of Aldormen.

It was suggested that the committee appoint auxiliary members from among some of the prominent citizons of the city, the whole to form together a joint committee on the selection of a site for the new postofilee, for which the Federal government recently made the necessary appropriation.

The following additional members were appointed Mr. A. J. Daffron, Dr. E. T. Rucker, Mr. R. C. Broaddus and Mr. W. C. Carter.

The committee on conference in regard to the amendment of the rule; recently brought up before the City Assombly, creating an industrial and manufacturing committee, recommended the adoption of the amendment. The amendment was originated by Mr. D. L. Toney, who was glad to see that the committee

cover their names or homes. The probability is that they will forever remain unknown.

Rov. George Booker, of Charlottesville, a former pastor of High Street M. E. Church, was in the city to-day visiting and shaking hands with his many friends. Judge West, in the Circuit Court of Dinwiddle county, this afternoon, after hearing argument for a now trial in the case of "Tinker" Ruffin, convicted yesterday of shooting and robbing Mr. Warren Brown, postmaster at Hebron, with a verdict of eighteen years in the penitentiary, set the verdict of the jury aside and granted a new trial. This was done on the ground of doubt that the accused was the man who committed the felony; and, such doubt existing, the prisoner was entitled to a new trial. It is hoped that by the time of Ruffin's third trial all doubt in the case may be cleared away. In the Mayor's Court this morning Frank Walker, colored, arrested in Norfolk, was committed for Tilal at the September term of the Hustings Court for stealing a horse and buggy, the property of William Johnson, colored, a Dinwiddle Tarmer, Johnson drove to town two weeks ago on business, and tied his horse to a post on the street. When he returned the team was gone, and soveral days afterwards was found abandoned in Prince George. Walker said he was drunk when he drove off with the team, and haff no intention of stealing it.

Messrs, Brister and Harrison have been awarded the contract for building the new four-story addition to the plant of the Virginia Trunk and Bag Company, at a cost of about \$22,000, not including basement and concrete foundation.

Mr. T. V. Green, a well-known farmer. of Dinwiddio, was fined \$10 and costs in the Mayor's Court this morning on the churge of assault committed on Emmet Drowry, colored, of this city. The trouble grew out of a claim for work done. During the trial of the case some excitement occurred between Mr. Green and the attorney for Drewry, which, however, was quickly ended by the Mayor.

ment was originated by Mr. D. L. Toney, who was glad to see that the committee met with his views.

The committee is composed of Mr. J. D. Reams, chairman; Mr. A. A. Adkins, Mr. B., M. Robinson, and Mr. J. W. Moore.

Bond Question Again,

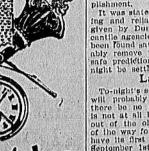

Bond Question Again.

The adjourned meeting of the City Assembly, which was called together last Monday night to consider the advisability of accepting a yearly bond from the Roberts Manufacturing Company and a personal bond from Mr. Roberts, president of the company, in lieu of the five-year bond, which the company found impossible to secure through a bonding company, will reconvene to-night. There is every likelihood that the matter will be definitely settled by the acceptance of the modified contract offered by the Roberts Company. It is recognized that there is a too urgent need and popular desire for clear water to allow anything now to stand in the way of its accomplishment.

It was sinted last night that the standing and reliability of the company, as given by Dunn's and Bradsrent's mercantile agencies, had been looked up, and been found satisfactory, so this will probably remove the last objection. It is a safe prediction that the matter will tonight be settled satisfactorily to all.

Last Meeting.

To-night's session of the City Assembly will probably be its last-certainy. Well-

ON SERIOUS CHARGE.

Held Without Bail for Alleged Attempted Criminal Assault. Charged with attempting criminal as-

Charged with attempting criminal assault upon Mrs. May Lucchesi, wife of A. F. Lucchesi, an Hallan named R. Casel, was arrested by Officer Duffy yesterday morning, and is held without bail at the First Police Station.

The two Italians are partners in the plastering business, and live in the same house on Byrd, between Ninth and Tenth Streets. The outraged husband caught Casel attempting to assault his wife Tuesday night, but he got away before he could be caught.

Lucches's wife told him several day's provious that Casel had made overtures to her, and Lucchesi decided to lay a 'trap for the man. He loft the house Tuesday night saying that he would be gone some time, but instead he quietly returned and secreted himself until he saw Casel enter the room of his wife. The man fied upon his appearance.

Lucchesi went out upon the street, where he told his story to Officer Kraft, and a warrant was sworn out. Officer Duffy found Casel yesterday morning at his trade, and put him under arrest.
